INTERNATIONAL SOCIETY FOR TROPICAL ECOLOGY

The International Society for Tropical Ecology was founded in 1956 in India, with the aim of promoting studies in all fields of ecology related to tropics and subtropics. The Society regularly publishes the journal TROPICAL ECOLOGY (since 1960), and organizes symposia on topics of current ecological interest in tropics. Till date ten symposia have been organized in different countries.

The Society has been registered in India (Registration No. 1151/1972-73) by the Registrar of Societies, Uttar Pradesh, Varanasi.

The Library of the Society, developed through exchange and gratis publications, is housed at the Department of Botany, Banaras Hindu University, Varanasi 221 005, India. All such publications may be sent to the Librarian.
